PRESS OF THE
EUGENE MORNING REGISTER
EUGENE, OREGON

PREFACE

This is the first General Register to be published by the University. It is intended to give a concise history of the personnel of the University, as to officers, faculty, and graduates, from the date of organization to July 1, 1904.

The information has been obtained from many sources, but principally from the persons named in the volume, the records of the Secretary of the Board of Regents, the University catalogues, and the records of the Alumni Association.

The officers and members of the Board of Regents have been arranged in order of appointment, or election; the officers of administration, according to the plan of the Annual Catalogue; and the officers of instruction, on the basis of seniority. The data concerning each officer is limited to his career in the University of Oregon.

In the list of the Alumni appear the names of the graduates of the old Normal Course, abolished in 1884. By formal act of the Board of Regents in June 1890, the degree of B. S. was conferred on all graduates of the Normal Course. The English Course had but one graduate. The degrees of B. L. and B. S. D. have been conferred only once (1897) in the history of the University. The B. L. degree was conferred on three graduates of the class of 1897 for the completion of the four-year Literary Course. The B. S. D. degree was given to six graduates of a short course in Scientific Didactics.

The present volume contains the names of all graduates of the University, including the class of 1904.

The name of each person known to be deceased is marked with an asterisk (*).

The last known address is given in each case.

While great care has been taken to insure the accuracy of the data given, many errors and imperfections will no doubt be found in this first General Register. The alumni can effectively assist in the work of keeping a correct and complete register by informing the University of any change in address or profession.

J. A. GAMBER.
